Dickenson Road (Upper James Street to Glancaster Road) Municipal Class Environmental Assessment – Phases 3 and 4

The Airport Employment Growth District (AEGD) Transportation Master Plan (TMP) has identified Dickenson Road between Upper James Street and Glancaster Road (see map below) for improvements to address long-term transportation requirements. The Dickenson Road (Upper James Street to Glancaster Road) Municipal Class Environmental Assessment will consider options to address multi-modal traffic needs associated with planned development, including additional infrastructure to support increased transit, active transportation and municipal servicing requirements (watermain, sanitary sewer and drainage improvements) along the corridor. This study is being carried out as Phases 3 and 4 of a Schedule C project under the Municipal Engineers Association *Municipal Class Environmental Assessment* (October 2000, as amended in 2007, 2011, and 2015). Phases 1 and 2 were addressed through the Hamilton AEGD TMP.
